

Educating Enfield by Judy Apruzzese-Desroches

Introductions

Hi ! I'm Judy Apruzzese-Desroches and I'm running for re-election to the Enfield Board of Education. My first year on the Board was one of discovery. My second year has been one of taking action. I'm not done. And I'm hoping you'll vote for me and allow me to continue to work for you and move our educational system forward.

Like most candidates, I'll be out knocking on doors this fall. But there's only one of me and thousands of you so chances are I'm going to miss some doors. So in case we don't get a chance to meet and talk about education issues in Enfield, this newsletter will let you know what I'm thinking, doing and planning. I'll be sending a new issue out periodically and each one will focus on something different. Please feel free to forward this newsletter on to others who may be interested.

Education Priorities

I'd like to hear from you regarding your priorities for education in Enfield. What concerns you the most when you look at our educational system? How can we improve? What should we do differently? What are we not doing right?

Please send me an email (judyad@cox.net) or call me (253.9559) with your priorities. This isn't my educational system. It is OUR'S and working together we can make things happen. I will respond directly back to you as well as address the issues presented in future newsletters.

In future issues I also plan on addressing two issues which I feel are critical. First and foremost is fiscal responsibility and accountability. Second is early childhood education.

I look forward to hearing from you!
